The Open Group. 2018. *TOGAF Version 9.2.* San Francisco : The Open Group, 2018. p. 654. ISBN: 978-90-8753-679-4.

General Information

Abbreviations, terms and definitions

Terms and abbreviations are contained in the subsequent document 2 of the ICR - [Glossary of eGovernment Terms](#).

List of Annexes

List of separate annexes

Descriptions of, or links to, annexes that will exist as stand-alone documents or as part of the National Architecture Library/Knowledge Base.

[Attachment 1 - List of attributes of metamodel elements](#)

Successively, starting from the most important ones, mandatory and recommended attributes and their possible code values will be published for each metamodel element.

[Attachment 2 - Classification of files, models and views](#)

The classification attributes and metadata of the TOGAMEFF shared files, their models, views, elements and constraints will be published and updated in a separate annex as a text document and XLS table.
